Brussels, 28 February 1987

Proposal for a
COUNCIL DIRECTIVE
amending Directive 78/627/EEC on the programme to accelerate
the restructuring and conversion of vineyards in certain
Mediterranean regions in France

(submitted to the Council by the Commission)

COM(83) 95 final

EXPLANATORY MEMORANDUM

Directive 78/627/EEC provides for the programme to accelerate the restructuring and conversion of vineyards in certain Mediterranean regions of France to be implemented over a period of five years from the notification of the Directive.

Drawing up and approving the programme took 16 months.

On the basis of experience gained from applying the first specific programmes, the provision concerning the time allowed for implementing the common measure has been made more flexible in the case of specific programmes adopted from 1981 onwards in that the time allowed is counted from the date on which the programme is approved.

Five years should be allowed for the implementation of this programme.
